BUILDING A LEGACY

BUILDING A LEGACY

Growing up in Tacoma, Jon Orozco '07 had always heard about University of Puget Sound, but it wasn't until he arrived on campus for a debate tournament during high school that he felt a real connection with the university. Jon dreamed of becoming a Logger, but never thought he would be able to afford a Puget Sound education. Thanks to scholarships and financial aid, his dream became reality. Recently, Jon included the university in his will to make a Puget Sound education accessible to future students who may not otherwise have the opportunity. "I was given a fair shake for my education, and now it is my turn to give a fair shake to the next generation of students," he said.
